

4TH OF JULY STAR & FLAG DECORATION

INSTRUCTIONS:

1. Cut along all solid lines (don't forget to cut slits in toppers).
2. Score along dotted and dashed lines.

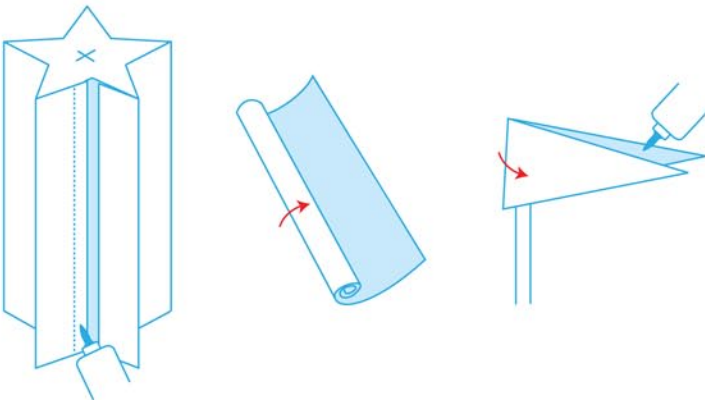

3. To create star bases, start folding mountain and valley folds and wrap around to make a star shape. Cut out star toppers, fold over tabs and glue to inside of the top of the base.

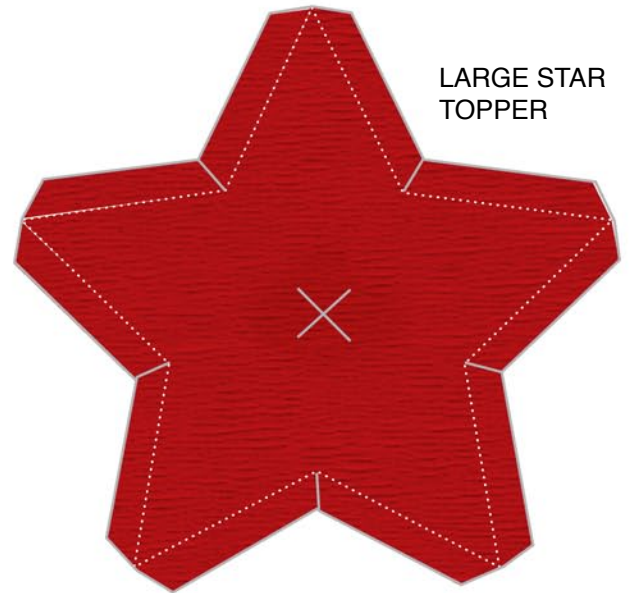

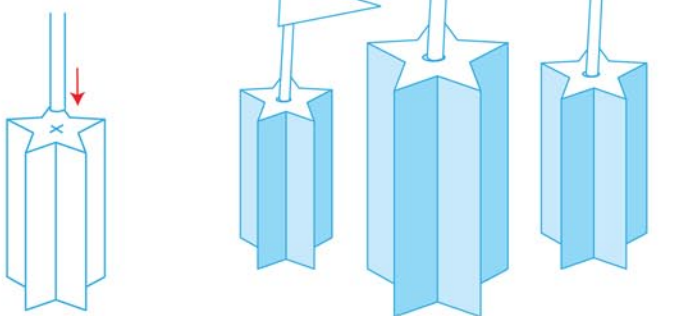

4. Glue along tab to close base.

5. To create flag poles, roll pieces into long, thin tubes. Apply glue along inside edge of tube to secure. Wrap flag around pole and glue closed.

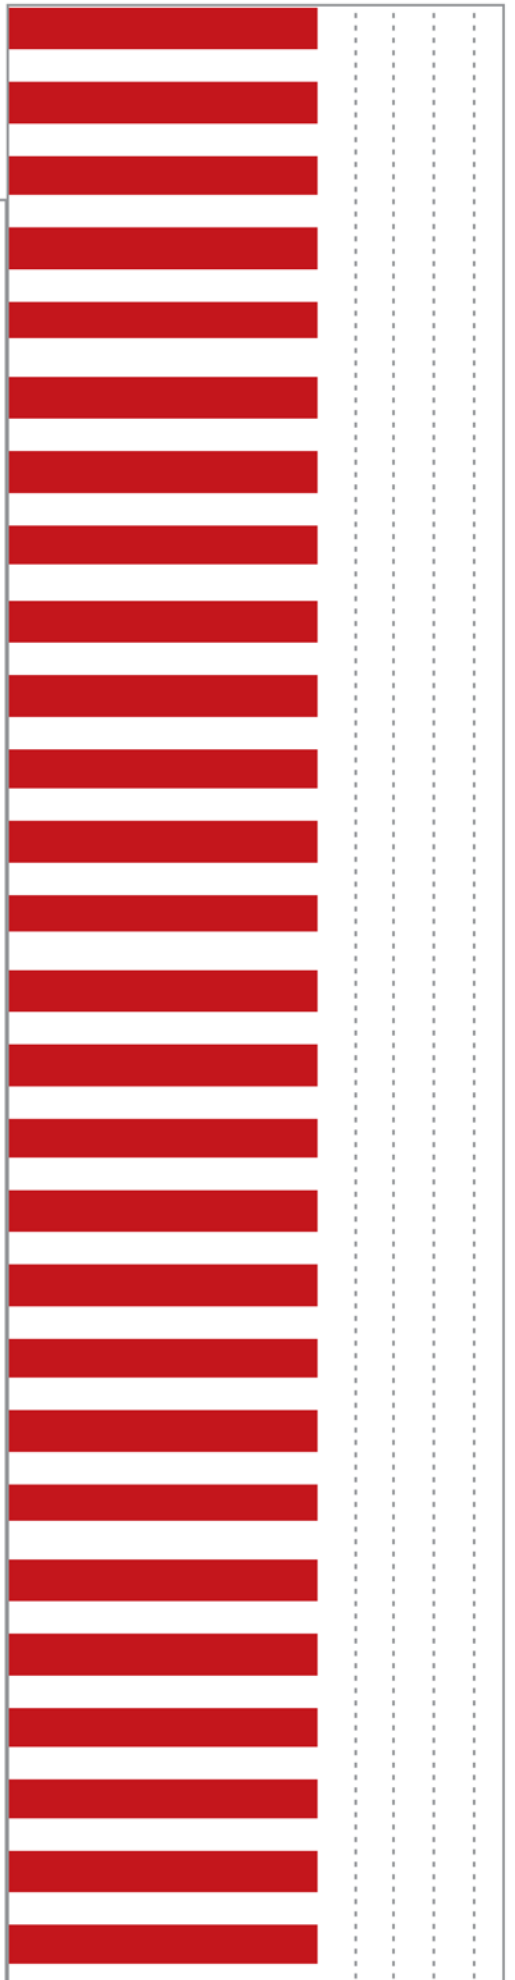

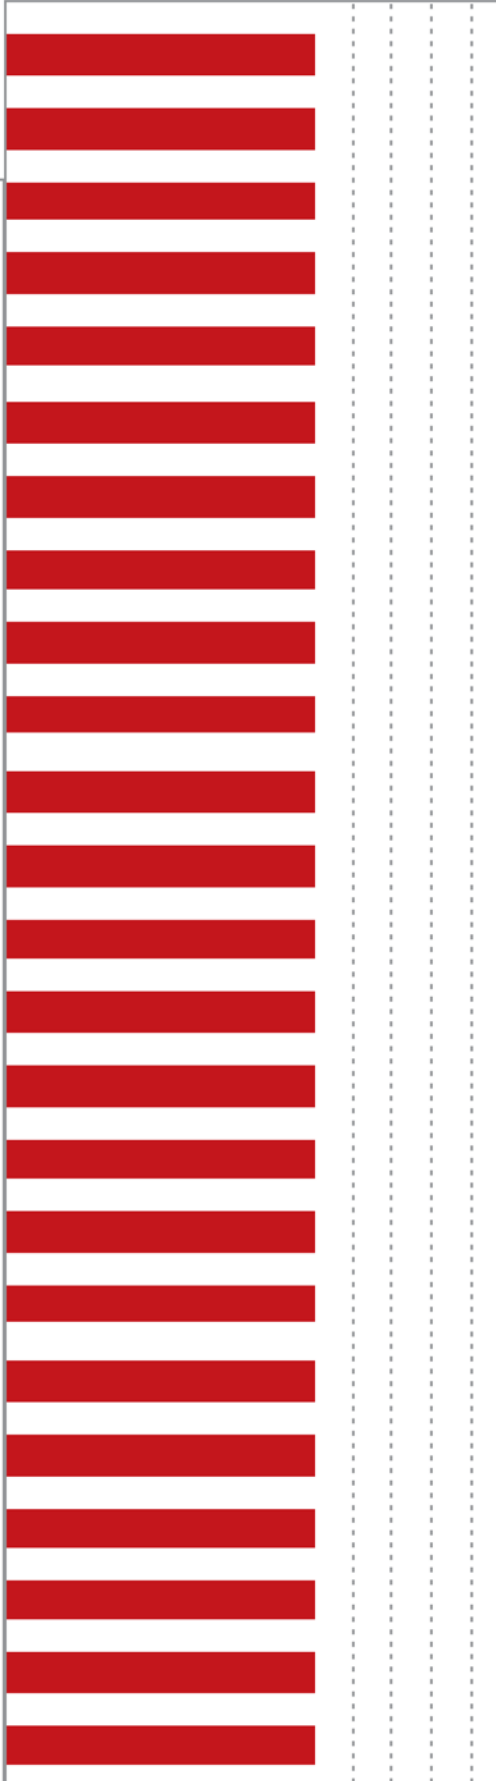

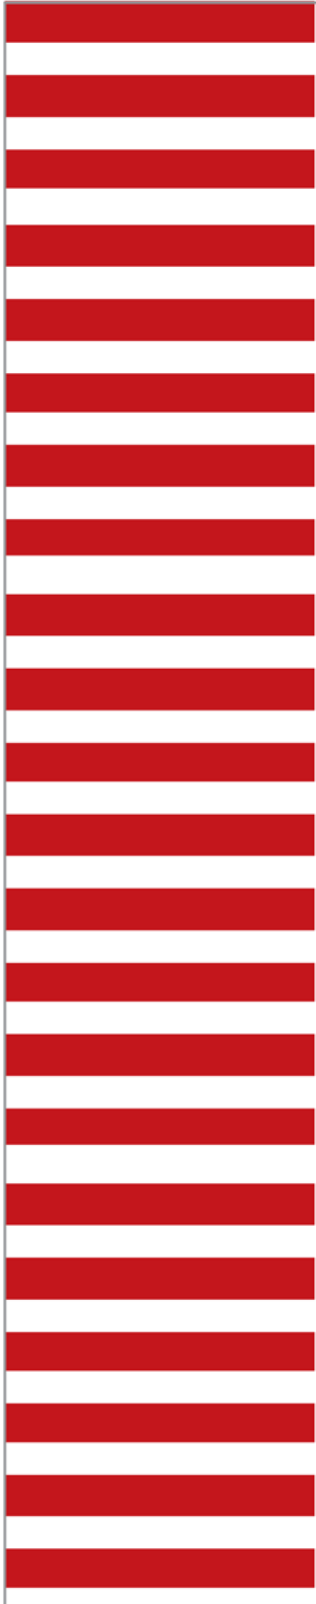

4. Insert pole into star topper at the "X". Assemble all three sizes and use as decorations for the 4th of July!
